It would have been better if both the road dam and the road were considered together and a Combined estimate sanctioned. It is said that the road dam would proposed instead of causeway or bridge sanctioned in the order given may like over for the present and the road estimate for which a provision of Rs 3000 as made in the budget of 27-28, may be sanctioned so that the provision may not lapse. The estimate may perhaps be sanctioned and the Engr asked to pursue the question of road dam.
